Get Rid of Your Gutters!

RAINHANDLER

Self-Cleans.
Unique inner design allows leaves and debris to flow or wash away.

Protects Property.
The Rainhandler self-cleaning system eliminates clogged, over-flowing gutters and downspouts. No ground erosion. No more destructive ice dams from frozen gutters.

Protects You.
The Rainhandler self-cleaning system protects you from the need to climb ladders and roofs to clean clogged gutters.

Prevents Erosion.
Runoff is converted to a 2 to 3 foot wide band of soft rain-sized droplets sprinkling the landscaping.

Maintains Itself.
The all-aluminum, laser-cutting, maintenance-free Rainhandler covers make messy, deteriorating gutters and downspouts history.

Beautifies.
The Rainhandler system is practically invisible. No gutters, downspouts, leaders or splash blocks to detract from the natural beauty of your home.

Installs Easily.
Each 5-foot section comes with 3 brackets & 6 screws. Do your entire home in 3 or 4 hours.

Guarantees.
Performance satisfaction is guaranteed for one full year. 35-year warranty.
